

Fast Yellow 10GW

General Properties:

Color Index::	PY3
C.I. No.:	11710
CAS No.:	6486-23-3
Chemical Group:	Aryl amide

Introduction:

Fast Yellow 10GW is an aryl amide yellow pigment with good strength and low absorption.

Physical Properties:

Moisture %:	≤ 2.0
PH Value:	6.5~7.5
Conductivity uS/cm, :	≤ 500
Oil Absorption ml/100g:	≤ 45

Fastness Properties(powder):

Light Fastness:	6
Water Resistance:	5
Oil Resistance:	4
Acid Resistance:	5
Alkali Resistance:	5
Heat Resistance:	160°C

Applications:

Recommended for Water-based Paints, Water-based Inks.
Suggested for Industrial paints and Powder Coating.
